

"As superintendent, I am interested in hearing from you! We are requesting your feedback with this quick survey of only 20 multiple choice questions, with additional space to write comments (optional). We will look over the collected responses carefully to help guide our goals for next year and help evaluate how we did this past year. If you have any questions or would like to meet with me in person, please don't hesitate to call me at 763-3818. Thank you in advance for your help with this."

Dianne Helprin, U69 Superintendent
