

1/19/16

AVS Facilities Committee Meeting Minutes

Appleton Village School Library

Present: Heather Wyman, Scott Wiley, Mitch Pendleton, Keith Rose, Debby Keiran and Peter Beckett.

Public: Jason Gushee

Minutes from last meeting approved.

Action Between meetings: Heather, Mitch, Peter and Debby met at UES to see their pellet furnace. Siemens was contracted to do the work under a performance contract. Furnace is 150,000 BTU for 49,000 square foot building. They have a 20 ton hopper.

Peter contacted Efficiency Maine and there is no rebate money at this time. He also contacted Bond Bank. Application is due first week of August, and money becomes available in the last week of October.

Discussed at length the next steps for this group to take. Will present options to school board on Monday. Recommendation is to move forward with engineering of the project for the heating, ddc controls and ventilation. Keith to contact Rick Grondin, an engineer who has done extensive work for SAD 28 and the CSD. We will also recommend that an electrical inspection needs to be done right away and Keith will call Pat Oullette.

This group will try and meet with Rick Grondin next week to discuss the project and Cordjia findings.

Next meeting scheduled for 1/26/16

Minutes taken by Debby Keiran.
