

SPECIAL NEEDS OPEN HOUSE

A chance to meet Police, Fire and Ambulance personnel and look at the equipment they may see at times in their lives. We can build trust, a relationship and communication between our special needs community and families, and our first responders.

Sterling Elite has graciously offered rides to families that want to come to the event and do not have transportation.

Please give them a week notice so they can plan accordingly. Call them at 785-3100.

Light refreshments will be served.
