All other metals are free. Please drain all oil and gas prior to disposing. Oil, gas and other hazardous compounds are collected once per year as part of a household hazardous waste collection usually the third Saturday in June. Please consider separating non-ferrous from ferrous metals as the non-ferrous helps to fund lead acid battery removal!

Household trash: \$1.50 – We will accept trash in our green 32-gallon bags available at your town office or at the transfer station. You will be asked to re-bag your trash at the facility if you do not. On busy days, you will be asked to do your re-bagging outside the trash building. Alternatively, larger loads of unsorted trash not in green bags will be weighed and charged at a rate of \$150 per ton.
