

Town-wide Revaluation of APPLETON

Today, May 5, 2025 we kicked off a town-wide revaluation of Appleton with the crew from [Maine Assessment & Appraisal Services, Inc.](#)

For **PHOTOS of inspectors and more information**, please → [Click Here](#)

The data collectors will be wearing orange vests and carrying business cards and photo IDs. They will be taking measurements and collecting information to appraise your home.

The **Discovery Process** is an inventory of the all buildings which will be done this summer.

Next summer is the actual revaluation which will happen AFTER taxes are committed in September. The revaluation will result in some property values going up, some going down, and some staying the same. If the average property value goes up, and the budget stays the same, the **mil rate** will come down for everyone.

For questions please call the Town Office or talk to any Select Board Member.
