Hazardous Trees in Pine Grove Cemetery

Trees in Pine Grove Cemetery sustained wind damage. The Chair of the Select Board urges caution while the Town proceeds to assess damage and order repair. The cemetery entrance has been marked to warn residents and a tree service has been contacted to assess initial damage and immediate mitigation. High winds forecasted for Saturday, Dec 3, 2022 raise the potential of greater damage. Please avoid the area.

Lorie Costigan, Chair
Appleton Select Board
